

Notice about Disruptions during Online Classes

It has come to the notice of the Department that random individuals barge in during online classes on the Google Meet platform. They disrupt the class and make unwarranted lewd comments. A police complaint will be filed against such miscreants. It is easy to locate such miscreants by simply tracking their IP address and MAC address of computers/ laptops/ phones even when VPN is used.

It is also notified hereby that strict disciplinary action will be taken against any student who circulates the Google Meet ID to non-enrolled students.

The class representatives are advised to create new WhatsApp groups. They should not share the 'Invite Link' but add participants manually. Any student, who circulates the Google Meet link on public platforms and/or to their friends outside their class, will be barred from the classes and they will not be allowed to sit for their examinations.
